

Lab 5 Sampling Distribution of the Sample Mean

Assignment 1 pick up (before lab starts or after you finish today's lab.)
Questions or Grade appeals?

- During office hours
- After lectures or labs
- Email us

Lab 5 instructions:

- See “Pre-reading” for how to generate single/multiple samples for Normal/Uniform distributions.
- You could also use the code on board for how to
 - Draw histogram
 - Calculate summary statistics
 - Calculate mean and SD

for your generated sample means.
